Subject: [ICCOINS2020]: Notification of Acceptance for paper #1570634879 (Accounting-based Digital Payment Systems for SMEs)

To: Ridwan Sanjaya <ridwan@unika.ac.id>, Theresia Dwi Hastuti, Mrs <theresiadwihastuti@gmail.com>, Freddy Koeswoyo <freddy@unika.ac.id>

Dear Prof. Ridwan Sanjaya

We are pleased to inform that your paper #1570634879 (Accounting-based Digital Payment Systems for SMEs) has been accepted for ICCOINS2020. Due to the current situation of Covid-19, please be informed that the conference has been shifted to a new date, i.e., **13-15 July 2021**, at the same venue which is Borneo Convention Center, Kuching, Sarawak.

In view of the new date, we value your work and are very hopeful that you are still interested to join us in sharing your work with the other researchers.

For camera ready submission, please *revise* your paper according to the comments given, and also ensure your paper is *formatted* according to IEEE format provided in ICCOINS 2020 website. In addition, please also *ensure* that the paper similarity index does not exceed 30%. Failure to do so may result in rejection of your paper automatically by EDAS.

Please note that the **due date for registration and submission of camera ready paper** will be as follow:

1. Early Bird - 30th September 2020
2. Normal Registration - 31st December 2020

A separate email will be sent later for method and link for payment. Do follow the latest news regarding the conference at the following link: http://estcon.utp.edu.my/iccoins/. Thank you.

Review 1

Comments to Authors: Please highlight to the authors the strengths and weaknesses of their paper and justify your assessment. Please indicate any changes that should be made to the paper if it is accepted.

The paper made a commendable attempt to highlight the continuing problem of digitization among SMEs with the goal to produce accounting and bankable reports. However it is rather doubtful to only focus on digital payment strategies to be able to achieve this goal. A few grammatical errors need to be corrected.

Review 2

Comments to Authors: Please highlight to the authors the strengths and weaknesses of their paper and justify your assessment. Please indicate any changes that should be made to the paper if it is accepted.

This paper looks into the accounting features in digital payment systems in e-marketplaces. This paper focuses on Batik SMEs.

The introduction is acceptable but it will be better if the authors can give some background on the buy and sell of batik online in Indonesia or example like Sales, market share etc.

I think that the section title can be renamed. It will good to have a section called Existing Digital Payment System and a Propose Digital Payment System etc. These titles are more descriptive rather than Concepts Overview or Strategies (what strategy?).

On the 3rd page, first para, the authors wrote "The second approach..." I was wondering where is the first approach.

It will be better if the authors can provide diagrams on how buy and sell on the e-marketplaces in relation to the accounting cycle and also the use of QR code for digital payment. Fig 2 and Fig 4 are just accounting cycle.

Best regards,

Chair,
