# APPROVAL AND RATIFICATION PAGE

## PROJECT REPORT

### Exploring Hugin Panorama Stitcher

This project report has been approved and ratified by the Dean of faculty of Computer Science and Supervisor on September 13, 2013.

With Approval,

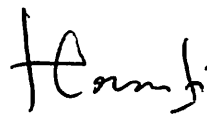

Examiner,

R. Setiawan Aji Nugroho, ST., M. ComplT

NPP : 058.1.2004.264

Supervisor,

Rosita Herawati, ST., MIT

NPP : 058.1.2004.263

Examiner,

# **ABSTRACT**

Hugin is to combine two or more photos to create a panorama, on the other hand can also create photo effects, Projection photos crop photos, rotate an image, and remove part of the image or create Mask Photo, etc.

This hugin applications can combine photo become one photo by ways taking two photos with notes having the same nuance or the same location between two photo then the two photo will successfully combined the two photo automatically and the results will be displayed in Menu Fast Panorama Preview conversely if two images are not have the same nuance or different between the two photo then two photos failed in combined and happen error to be displayed in Menu Control Point.

**Keyword : Hugin, Comparing Combine Photo**

# FOREWORD

Thanks to everyone who helped me to finish this project, which titled :  
*Exploring Hugin Panorama Stitcher.*

In this opportunity, I would especially thank to:

1. Yesus Kristus and Bunda Maria who blessed me with passion to finish this project.
2. My Mother, My Father and My Big Family for their support and prayer.
3. Rosita Herawati, ST., MIT for allways guides me from the start to the end.
4. All lecturers in Faculty of Computer Science, Heronimus Leong, S.Kom., M.Kom, Suyanto EA., Shinta Estri Wahyuningrum, S.Si., M.Sc, R.Setiawan Aji Nugroho, ST, M.CompIT. For their help and advice in programming.
- 5.All my friend who supported me in the making of this project.

Finally,I would like to apologize for any imperfection in this project. I hope this project can encourage other people to create a better one. I will accept any critics suggestion to improve this project.
