ABSTRACT

Many media sharing is offered on the internet. Media Sharing allows us to upload and download documents, files, photos, music and videos. Media Sharing can also be used as an online backup.

This research describes about comparison upload and download from each Media Sharing. Media sharing is offered on the internet such as Ubuntu One, Dropbox and MediaFire with free and paid services. With this research Hopefully readers can select media sharing for appropriate use.

Keyword : Media Sharing, Ubuntu One, MediaFire, Dropbox, Compare upload and download

FOREWORD

**Thanks to God for the bless, I have been completed this project with title:
The Comparison of Dropbox, Ubuntu One and MediaFire**

In this opportunity, writer would thanks to:

- 1. My parents and my brothers for their support, love, and pray.**
- 2. Rosita Herawati as my supervisor, for his advice and ideas that inspired me.**
- 3. All lecturers in Faculty of Computer Science.**
- 4. All my best friend in ikom and many more for support to finish this project.**
- 5. IKOM SOEGIJAPRANATA CHATOLIC UNIVERSITY.**

Finally, writer apologizes because this project is not perfect, Hopefully This project may be useful for everyone.
