

# CHAPTER 1

## INTRODUCTION

### 1.1 Background

Rencana Induk Keuskupan Agung Semarang is documents which contains vision, mission, strategy and inspiration for all churches in the Archdiocese of Semarang. Rencana Induk Keuskupan Agung Semarang for 2016-2035 has been established by The Archbishop of Semarang through a team of 12 that facilitates the formulation. In essence, the whole process of making this plan relies and drives all the potential that exists throughout the church in Semarang. Steps and guidelines for formulating this plan using foresight system(event – trends – drivers - quadran) which has aspirational strengths based on the future of the churches in the Archdiocese of Semarang at the greatest Yubileum in 2033.

With these systems, this Rencana Induk Keuskupan Agung Semarang is indeed fact-based and the reality of everyday life expressed, shared, expected and also envisioned by all people. The preparation process itself lasts for approximately one and a half years, starting from preparation to final refinement. This long process produces five elements, namely Predictions, Outcomes, Milestones, Assumptions, and Risk all of which constitute a unity of efforts to achieve the expected changes in 2035, namely the realization of the civilization of love in Indonesian society. In the process of the implementation, Rencana Induk Keuskupan Agung Semarang for the next twenty year is divided into four stages or four road map. Each road map lasts for five years. This road map is used as the basic direction of The Archdiocese Of Semarang.

Because of Rencana Induk Keuskupan Agung Semarang which is still formed in the book and will be used by all the churches in the Archdiocese of Semarang, it is possible for the establishment of a digital system that can help and easily used by the churches to scanned and planed their own plans.
