CHAPTER III

PLANNING

3.1 Research Methodologies

This project will be done using an incremental approach. Below are the steps of the project:

1 Search and Collect references as a guidance, includes algorithm and data structure used in this project.

2 Analyze the problem and make a plan to do the project.

3 Implement the data structure and algorithm.

4 Test all the functions in this project.

3.2 Project Management

The project was done for 3 months, which will be divided into several step as below:
