ABSTRACT

Percy Jackson & The Olympians book 1 "The Lightning Thief" by Rick Riordan is a quest novel that tells a story about a twelve year old boy named Percy Jackson the son of Poseidon who gets mission to prevent war between the Big Three (Zeus, Hades, and Poseidon) or the world will sink into chaos. Although Percy faces many complicated problems from his school and family, he is responsible to complete his mission and save the world. Moreover, after his mother's death, his psyche pushes him into limit. Percy should struggle to face his personal problem and reach the maturity before facing Kronos the King of the Titan because Kronos usually traps his enemies by using their psychological weaknesses to control them. It makes the writer interested to analyze Percy's character, especially his process to get mature.

Next, to analyze Percy's maturity and his psychological condition the writer uses the theory of Individuation Process by Carl Gustav Jung. From this theory, the writer can describe and analyze the psyche aspects of Percy in relation to his maturity. Next, the result of the study shows that Percy gets his maturity after he considers the weakness of his psychological condition. Percy learns to knowing and controlling his unconsciousness. So, he can make decision wisely in order to complete his mission and escape from his enemy's trap. In conclusion, his maturity becomes a tool for him to complete his mission.

ABSTRAK

Percy Jackson & The Olympians book 1 "The Lightning Thief" oleh Rick Riordan adalah sebuah novel petualangan yang bercerita tentang seorang anak berumur dua belas tahun bernama Percy Jackson anak dari Poseidon yang mendapat misi untuk mencegah perang diantara Tiga Besar (Zeus, Hades, and Poseidon) atau dunia akan tenggelam dalam kekacauan. Walaupun Percy menghadapi banyak masalah yang rumit di sekolah dan keluarganya, dia bertanggungjawab untuk menyelesaikan misinya dan menyelamatkan dunia. Terlebih lagi setelah kematian ibunya kejiwaannya ditekan sampai pada batasnya. Percy harus berjuang untuk menghadapi masalah pribadinya dan mencapai kedewasaan sebelum berhadapan dengan Kronus sang Raja Titan karena Kronus biasanya menjebak musuhnya dengan menggunakan kelemahan psikologinya untuk mengendalikan mereka. Hal-hal ini membuat penulis tertarik untuk menganalisa karakter Percy, khususnya dalam prosesnya menemukan kedewasaan.

Selanjutnya, untuk menganalisa kedewasaan Percy dan kondisi psikologinya penulis menggunakan teori Individuation Process oleh Carl Gustav Jung. Dari teori ini, penulis dapat menggambarkan dan menganalisa aspek aspek kejiwaan Percy yang berhubungan dengan kedewasaannya. Selanjutnya, hasil dari penelitian, hasil analisa akan menunjukkan bahwa Percy mendapatkan kedewasaannya setelah menyadari kelemahan dari kondisi psikologinya. Percy belajar untuk mengenal dan mengontrol alam bawah sadarnya. Jadi, dia dapat mengambil keputusan dengan bijaksana untuk menyelesaikan misinya dan meloloskan diri dari perangkap musuhnya. Kesimpulannya, kedewasaan menjadi sarana baginya untuk menyelesaikan misinya.
