ABSTRACT

Slavery in the United States of America is portrayed well in a movie titled 12 Years a Slave. The slavery happens because of the presence of discrimination done by the people who think that they have the right to treat other people as they wish. The movie shows that slavery can be categorised as intentional discrimination. It is intentional because the reason for their becoming slaves is the fact that they are black people who are considered more inferior than the white people. Solomon is taken and beaten like an animal, sold like an animal, forced to sleep on the ground, denied of their own name and given improper food in quantity and in quality. He must also work like there is no other day, have no day off, and is denied of the rights to state his own opinions. Patsey, during her slavery, was being raped by her master and treated badly. The findings also show that the discrimination experienced by Solomon and Patsey is an institutional discrimination because the discrimination is supported by the whole public and the law.

ABSTRAK

Perbudakan di Amerika Serikat ditampilkan dengan sangat baik di sebuah film dengan judul 12 Years a Slave. Perbudakan ini terjadi karena adanya diskriminasi dari orang-orang yang menganggap diri mereka mempunyai hak untuk melakukan semua hal yang mereka inginkan. Film ini menunjukkan bahwa perbudakan bisa dikategorikan sebagai diskriminasi intensional (yang sengaja). Perbudakan adalah hal yang disengaja karena alasan orang menjadi budak adalah karena mereka adalah orang kulit hitam yang dianggap lebih rendah dari orang kulit putih. Solomon is diculik dan dipukuli seperti binatang, dijual seperti binatang, dipaksa untuk tidur di tanah, tidak boleh memakai nama mereka sendiri, diberi makanan dalam jumlah dan dengan kualitas yang tidak layak. Dia harus bekerja sangat keras, tidak mendapat libur dan tidak boleh berpendapat. Patsey, selama dalam perbudakan, diperkosa oleh tuannya sendiri dan diperlakukan buruk. Hasil skripsi ini juga menunjukkan bahwa diskriminasi yang dialami oleh Solomon and Patsey adalah diskriminasi institusional karena diskriminasi ini didukung oleh seluruh masyarakat umum dan hukum.
