

the day when they are separate on Christmas Eve. For the last "Merry Christmas and I love you" is the emotionally love confession to each other to remember the time they are together.

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

## 5.1. Conclusion

Today, the idol group in Japan looks like a lifestyle, when man and woman adore to them. It is very unique when some idol groups in Japan get the inspiration to arrange the song from school life. It is such a boring special song and some of them do not appear their special characteristics as an idol group. It effects to audience hype; their hype is decreasing. As a result, some of the idol groups in Japan are dismissed.

AKB48 has huge base fans in the world. One of an idol group that still exists today. This year AKB48 is going to turn 12 years exist in the music industry. They have a lot of singles and albums and their songs are easy listening. An author gets the inspiration to arrange the song is from everywhere, for example, valentine's day, love story and special event in Japan. Not only that but also an author gets the inspiration from four seasons in Japan, for example, Spring, summer, autumn, and winter.

In every single season, AKB48 releases the new single. In spring usually, an author releases the newest one and tell about graduation and school life. The spirit of spring is shown in each song. Joy and love are imagining in the song. When summer starts to blow, an author gets the inspiration from it. Beach and friendship are shown. Reflection and warmth of summer are implied in the song perfectly. While the season is changing into autumn Yasushi Akimoto as an author gets the inspiration from the beauty of leaves falls from the tree. Last for the winter, Yasushi Akimoto also gets the idea from the cold of winter. The emotional joy and despair are shown in the song.

Because of that situation, writers arrange this thesis to analyze AKB48 songs representing four seasons in Japan. This topic is interesting to analyze.

The character of each song is different, for example in winter, in every verse it feels like in the cold air of winter and snowflakes are down.

For instance, the meaning of each song is representing four seasons in Japan. Not only is the emotions of each season clearly shown, but also an unspoken message too.

## 5.2. Suggestion

The data and information of the AKB48 song's lyrics are represented by four seasons in Japan. Imaginary of the seasons in Japan is an interesting topic, as a subjective point AKB48 is a good example of object research. The researcher offers to explain in this thesis. The main difficulties to interpret every single each song. Some songs have the same lyrics on every different song. In one song, the researcher only finds a maximum of two stanzas which is representing each season in Japan.

Here are some suggestions for further research. There are many songs of AKB48 that can easily be interpreting. All the AKB48 songs have many reasons to explain and interpreting about youth and fresh full
