Dear So Young KIM,

Could you please confirm me regarding the evaluation of the Journal? My apologies for bothering you too much with my queries since I have to convince that my article has been accepted or not. If it is not accepted, I will send it the topic to other journal, however I still hope that it will be published in your journal.

Thank you very much for kind attention.

Regards,
Yustina

Dear Yustina,

Two of our previous writers have decided to retrieve their articles for volumn 15.

Because we were short of articles for publication, we have decided to wait till the end of february for more articles to arrive and proceed a joint-publication.

I apologize for the delay and not having been updating you.
It is definetely up to you whether to withdraw your article for the next volumn of KULR.
