CHAPTER 1 Introduction Background of the Study Being the husband of a Queen presents challenges for Prince Philip, the husband of Elizabeth II. The challenges are shown in The Crown TV Series Season I which consists of ten episodes (Morgan, The Crown Eps. 3, 2016). In the TV series Philip's life is affected by Queen Elizabeth II whose responsibility is torn between her country and her family; a responsibility which is difficult to solely handle by one person. As a leader, in this case a queen, Elizabeth II must put people as her main focus because the people are her children (Browning, 1954, p. 64). Consequently, her husband, Philip, and their three (biological) children become less prioritized. In addition, the pressure from the people to play a role as the queen's husband makes him struggle (Morgan, The Crown, 2016). In short, in one hand, Philip is the head of the family who has a desire to lead the family to his accordance, on the other hand, he submits to the power of his wife who is the queen of England. For the purpose of his study, the writer chooses a TV Series, The Crown. The TV Series is a biographical British TV Series produced by Left Bank Pictures and released in 2016 (Morgan, 2016). The script was written by Peter Morgan (Morgan, 2016). This TV Series mainly presents Elizabeth II who becomes a Queen after King George, her father, passes away. She is still young
