ABSTRACT

Mahou Shoujo Site or Magical Girl Site is a Japanese manga or comic by Kentaro Sato which tells the story of a middle school girl named Aya Asagiri who has a pathetic life. Because of her miserable life, she was chosen as *Mahou Shoujo* or a magical girl by a mysterious figure to change her life. The main focus of this study is the main character, Aya Asagiri, as a dynamic character who undergoes interesting character developments as the story progresses. The writer decided to analyze two things, namely what kind of character development the main character experiences and what factors influence the character development of the main character. The writer used qualitative methods to complete the analysis. The results of the analysis show that the main character in the manga or Japanese comic series initially has a weak, whiny, naive and very kind character and then her character changes as the chapter progresses. Her character changes drastically to be selfish, cold, brave, and heroic. The conclusion drawn by the writer is that the main character actually undergoes an interesting character change because of the internal and external factors like the character's own distrust of her own power and the villain's threatening acts toward the main character's loved one and other people in the world.

ABSTRAK

Mahou Shoujo Site atau *Situs Gadis Penyihir* adalah sebuah manga atau komik Jepang karya Kentaro Sato yang menceritakan tentang seorang gadis SMP bernama Aya Asagiri yang memiliki kehidupan yang menyedihkan. Karena hidupnya yang menyedihkan, dia dipilih sebagai Mahou Shoujo atau gadis penyihir oleh sosok misterius untuk mengubah hidupnya. Fokus utama dari penelitian ini adalah tokoh utama, Aya Asagiri, sebagai tokoh dinamis yang mengalami perkembangan karakter yang menarik seiring berjalannya cerita. Penulis memutuskan untuk menganalisis dua hal, yaitu perkembangan karakter seperti apa yang dialami oleh karakter utama dan faktor-faktor apa yang mempengaruhi perkembangan karakter karakter utama. Penulis menggunakan metode kualitatif untuk melengkapi analisis. Hasil analisis menunjukkan bahwa karakter utama dalam manga atau serial komik Jepang pada awalnya memiliki karakter yang lemah, cengeng, naif dan sangat baik dan kemudian karakternya berubah seiring berjalannya bab. Karakternya berubah drastis menjadi egois, dingin, berani, dan heroik. Kesimpulan yang diambil oleh penulis adalah bahwa karakter utama sebenarnya mengalami perubahan karakter yang menarik karena faktor internal dan eksternal seperti ketidakpercayaan karakter itu sendiri terhadap kekuatannya sendiri dan tindakan mengancam penjahat terhadap orang yang dicintai karakter utama dan orang lain di dunia. .
