## Report #14372461

BAB 1

PENDAHULUAN

Latar Belakang

Konsep Corporate Sosial Responsibility (CSR) yang pertama kali dikemukakan oleh Howard R. Bowen pada tahun 1953 hingga sekarang ini telah mengalami banyak pendalaman konsep. Perkembangan konsep CSR yang terjadi beberapa tahun terakhir ini telah banyak mengubah orientasi pada Corporate social Responsibility. Kendati sedemikian, istilah CSR amat marketable. Dengan adanya program atau kegiatan Corporate Sosial Responsibility ini maka pengusaha tidak perlu lagi memikirkan akan besarnya risiko yang diterima. Hal ini bukan semata mata dilaksanakan untuk mendapatkan profit atau laba dari suatu perusahaan melainkan merupakan suatu kegiatan yang lebih kepada aktivitas sosial atau bersifat filantropi. Pada awalnya, Corporate sosial Responsibility mulai dikenal pada 1970-an melalui buku Cannibal's With Forks: 'The Triple Bottom Line of 21st century bussiness' (1997) (Elkington, 1997). Didalam bukunya Elkington menguraikan tiga komponen penting dalam sustainable development, yaitu economic growth, environmental protection, dan social equity yang dikemukakan oleh the World Commission on Environment and Development (WCED).

Corporate Social Responsibility (CSR) adalah konsep bahwa organisasi, terutama (tetapi tidak terbatas pada), bertanggung jawab untuk semua pemangku kepentingan, termasuk konsumen, karyawan, pemegang saham, masyarakat dan lingkungan, dalam semua aspek operasi perusahaan yang menyangkut aspek ekonomi, sosial dan lingkungan. Oleh karena itu, CSR terkait erat dengan "pembangunan berkelanjutan", khususnya organisasi, terutama perusahaan, dalam menjalankan aktivitasnya, ia harus mendasarkan keputusannya tidak hanya atas dasar dampaknya pada aspek ekonomi, misalnya tingkat laba atau dividen, tetapi juga harus mengevaluasi dampak sosial dan lingkungan yang dihasilkan dari keputusan, baik jangka pendek maupun jangka panjang. Dengan pemahaman ini, Corporate Social Responsibility dapat didefinisikan sebagai kontribusi dari perusahaan terhadap tujuan pembangunan berkelanjutan melalui pengelolaan
