SCOPE

The theme of ICITACEE 2015 is "Green Technology Strengthening in Information Technology, Electrical and Computer Engineering Implementation". The conference covers the topics but not limited to information technology, information systems, power systems, signal processing, electronics, micro-electronics, biomedical engineering, and communication systems as well as other field that corresponds, such as intellegent systems, intellegent transportation applications, health care applications, and environmental protection. ICITACEE 2015 invites the scholars and encourages the researchers to submit high quality manuscripts and papers to this conference. The scope of ICITACEE 2015 submission are: Power Systems, Telecommunications and Vehicular Technologies, Control and Circuits, Information and Computer Technologies, Green Applications and Interdisciplinary Topic.

The users of Scimago Journal & Country Rank have the possibility to dialogue through comments linked to a specific journal. The purpose is to have a forum in which general doubts about the processes of publication in the journal, experiences and other issues derived from the publication of papers are resolved. For topics on particular articles, maintain the dialogue through the usual channels with your editor.
