Dr. Florentinus Budi Setiawan, MT:

We apologize if you received this announcement again because in the previous email the reviewers comments are not included due to system error.

After a careful review of your submission, "Period Information Deviation on the Segmental Sinusoidal Model " will be considered for presentation at International Conference on Information Technology, Computer and Electrical Engineering (ICITACEE) if the following revisions are successfully implemented.

We would like to inform that your paper is required to have several corrections as recommended by reviewers (see reviewers comments).

In general, the paper is suggested to have revisions as follows:

1)The abstract of paper should be focused on the particular case, which has to be overcome.

It is strongly suggested that the genuine proposed method must be written clearly.

2)The quality of all the figures lines, shapes and fonts must be clear enough and easy to read. All the pictures must be presented in high quality,

sufficient scales, clearer axis and fonts. Consistency of quality of the presented pictures must be provided.

3) Strong reason must be added to introduction to strengthen the proposed method.

4) The depth analysis is necessary to be provided for the every result of experiments.

5) The conclusion should be based on strong analysis of the results.

6) Grammar revision is required.

The authors are expected to revise the paper before October 19th, 2014.

Additional Reviewer's comments:

1) No quantitative results that show novelty in abstract and conclusion.

2) Poor literature reviews. Provide more comparison to recent references and research in introduction

3) Novelty must be addressed clearly in abstract, introduction and conclusion. Please revise

4) Conclusion must be written in better format to address the analysis and novelty. It is trivial.

5) Depth evaluation and analysis are less

Payment Method

Upon acceptance, at least one of the authors listed on the paper must register by completing payment.

Please note that only presented papers will be included in IEEE Xplorer.

The registration is open from October 10, 2014 until November 7, 2014.

The early bird registration end at October 24, 2014.

Participant may complete the payment by choosing one of the following mechanism:

a. Payment on Site on the date of conference

b. Money transfer to:

Bank MANDIRI; Account Name: Bendahara Penerimaan UNDIP

Account Number: 136-00-0559904-5

Message for Beneficiary: Registration fee for ICITACEE 2014 from (your name)
or

Bank BNI; Account Name: Rektor UNDIP/Penampungan PNB

Account Number: 0033664282

Message for Beneficiary: Registration fee for ICITACEE 2014 from (your name)

Please, kindly notify your preferred method of payment in your registration by accessing

<http://icitacee.undip.ac.id/index.php/icitacee/2014/schedConf/registration>

Thank you and looking forward to your participation in this event.

Dr. Florentinus Budi Setiawan, MT:

Congratulations, your submission entitled "Period Information Deviation on the Segmental Sinusoidal Model" has been ACCEPTED for presentation at International Conference on Information Technology, Computer and Electrical Engineering (ICITACEE) which is being held 2014-11-08 at Semarang.

Kindly ensure your revised paper has been converted by pdf-express and it is resubmitted through ICITACEE 2014 web as supplementary file. See

<http://icitacee.undip.ac.id/index.php/icitacee/2014/announcement/view/4>

Due date for camera ready submission is October, 25th 2014.

Thank you and looking forward to your participation in this event.
