Submission Title: Borderline Personality Disorder in Pandemic Situation in Indonesia

Dear Dr. Christine Wibhowo,

Thank you for your submission to "The Open Psychology Journal". It will be sent to the Editor-in-Chief for his initial provisional approval. Once this is obtained it will be passed on to our Author Support Services department (BASS), for an initial assessment of the manuscript. BASS is a specialized department that helps authors and editors to make sure that the manuscript becomes ready for submission into the peer-review process. The manuscript is being processed on the clear understanding that it contains original work that has neither been published earlier nor has it been simultaneously been submitted for publications elsewhere. In case this is not so, then kindly let us know immediately.

Please note that Bentham Open uses **Cross Check's iThenticate** software to check for similarities between the submitted and already published material to minimize any chances of plagiarism.

Further, as per Bentham Open's Ethical Guidelines for Publication, all manuscripts are processed with the understanding that all authors and co-authors have reviewed and accordingly approved the manuscript before final submission to avoid any conflicts of interest later. Our ethical policies can be viewed on the Journal's website.

Articles which are well referenced (100 or more references) may have high chances of acceptance by referees and they are likely to attract a greater number of citations. The recommended number of references as per norm (<https://clarivate.com/essays/impact-factor/>) for Review Articles is approximately 100 or more, for Research Articles 75 or more, for Mini Reviews 75 or more & for Letter Articles 50 or more.

In case of any doubt or conflict please contact us.

Your manuscript has been assigned to the following Editor/Manager to whom all correspondence may kindly be addressed:

Name: Thomas Muller
Affiliation: Department of Neurology, Department of Neurology
Country: Germany
Email: th.mueller@alexianer.de

Few tips to enhance the visibility & citations of your article:

- If you don't already have an ORCID ID please create one at <https://orcid.org/register>
- **Selection of Appropriate Keywords:** Please choose important and relevant keywords that researchers in your field could be searching for so that your paper can appear in many database searches. In biomedical fields, MeSH terms are a good 'common vocabulary' source to draw keywords from: see <https://www.nlm.nih.gov/mesh/meshhome.html>
- The names of the authors should be provided according to the previous citations (or as the authors would want them to be published) along with their institutional affiliations, current addresses, telephone, cell & fax numbers and the email address. Email address must be provided with an asterisk in front of the name of the principal author. The corresponding author(s) should be designated and their complete address, business telephone and fax numbers and e-mail address must be stated to receive correspondence and galley proof. It is also suggested to regularly update your profile in SCOPUS and other databases.
- Authors should avoid the use of non-standard abbreviations and question marks in titles.

For articles submitted from non-English speaking countries, authors should have their articles carefully checked and the language corrected by a native English speaker. Alternatively, authors may want to avail Bentham's English language correction service. For a quote please contact Bentham editorial office. Please note that your article will not be processed till you have completed and returned the attached fee form by replying to this e-mail.

Looking forward to a successful collaboration in the publication of your article.

Sincerely,

Editorial Office

Dear Dr. Christine Wibhowo,

Thank you very much for submitting your manuscript entitled "Borderline Personality Disorder in Pandemic Situation in Indonesia" for consideration for publication in the "The Open Psychology Journal".

You may wish to avail our new fast publication services called QUICK TRACK, which allows urgent publication of those papers that the authors feel require rapid publication.

QUICK TRACK allows online publication within 2 weeks of receipt of the final approved galley proofs from the authors. The total publication time, from the date of first receipt of manuscript to its online publication is 6 weeks subject to its acceptance by the referees and modification (if any) by the authors within one week.

Authors who have availed Quick Track service in a Bentham Open journal will be entitled for an exclusive 30% discount if they again wish to avail the same services in any Bentham Open journal within the next 12 months.

Authors are encouraged to submit the revised manuscript within 48 hours for timely publication of their manuscript submitted in QUICK TRACK category.

If you would like to avail the QUICK TRACK services, please complete the attached Quick Track Publication Form and send it back by e-mail at quicktrack@benthamopen.net. We must receive this form within the next 4 working days so that we can proceed with the peer reviewing process.

You will be charged US \$300 processing fee (non-refundable) and an additional \$450 publication fee (refundable if paper is not accepted for publication). The quick track publication fee together with the Bentham Open publication charges, as described in the attached Timelines and Payment Schedule will be payable before online publication of the paper. If the paper is rejected, there will be no further charges other than the \$300 already paid.

Please note that whether you opt for the QUICK TRACK facility or not, standard reviewing practices will be followed, which will not in any way affect the acceptance or rejection of the manuscript by the reviewers.

Thank you in advance for your consideration. We look forward to hearing from you soon.

Kind regards,

Editorial Office

URGENT

Dear Dr. Wibhowo,

The composed version of your article is available on the dashboard of the Online System. I shall be grateful if you could kindly carefully check the composed version for any potential errors, missing lines/paragraphs, and errors in figures/diagrams, etc.

Moreover, as a part of the publication process, the manuscript has undergone copyediting for minor grammatical inconsistencies and specifically for some significant ambiguities (where necessary) to bring clarity to the content. You are therefore requested to read the proof thoroughly and send approval for all the corrections made in order to ensure that the original meaning of the content has not been altered in case of significant changes in the text.

Answer all inquiries. The production team's inquiries are listed here. Please ensure you respond to all queries since you cannot submit the corrections until they are all answered.

Q. 1: Reveal the source of data and materials mentioned in the manuscript, in support of the findings which will be presented in the following format in the article.

"The data supporting the findings of the article is available in the [Mention repository name] at [Mention URL], reference number [Mention reference number]".

- o Authors may deposit their datasets openly to Zenodo Repository, in addition to their own or their institutional archives. For more details please visit <https://openpublichealthjournal.com/availability-of-data-materials.php>

Q. 2: Kindly provide the information if the study received any funds/grants. Funding details must include:

- Name of funding agency.
- Funder ID.
- Awards/Grant number.

Q. 3: Could you please provide the sources for each figure and tables? (Published/reproduced material should not be included unless you have obtained written permission from the copyright holder. You have not mentioned the sources in the figures and tables.)

Kindly return the corrected proofs and replies to the queries of the manuscript **within 48 hours**. Upon receipt of your reply, the manuscript will be finalized for publication within a week.

Please make sure all payment formalities are finished before publication.

Kindly acknowledge the receipt of this e-mail.

With best wishes,
