Lindayani Lindayani, Laksmi Hartajanie, Hoi Sen Yong, Agatha Putri Algustie.

We have reached a decision regarding your submission to Microbiology Indonesia, "SUPPLEMENTATION OF SUCROSE AND N-SOURCE IN CULTURE MEDIUM TOWARDS BACTERIOCIN PRODUCTION OF LACTIC ACID BACTERIA ISOLATED FROM AMPEL BAMBOO SHOOT (Bambusa vulgaris) PICKLE".

Our decision is: Revisions Required

The full paper will be considered to be published in the Microbiology Indonesia if you revise the full paper according to the reviewer's comments. It is compulsory for you to revise the full paper according to the reviewer's comment and Microbiology Indonesia guideline (<https://jurnal.perni.or.id/index.php/mionline/Guideline>). Please use the **YELLOW HIGHLIGHT** feature of MS-Word to make your revisions, so we can identify where your corrections have been made. **Please login to your account for submitting your revised manuscript.**

We will wait for your revision at the latest of two weeks from this email. We look forward to receiving the revised version of your full paper.

Best Regards
 Editor in Chief
 Microbiology Indonesia
