Dear Dr. Dewi,

Your revised manuscript, SAC-25-0348.R1, entitled 'Governing Through Difference: Legal Pluralism and Conservation Justice in Lamalera' has been unsubmitted from Space and Culture.

It has been unsubmitted because the following changes are required:

- Please upload a separate point-by-point response to the reviewers' comments alongside your revised manuscript.
- The changes made to the manuscript during revision must be highlighted for the benefit of the editors and reviewers who may then clearly note the updates in the manuscript.
- Double Anonymization: Space and Culture practices double anonymized peer review. This means that the author's identity remains unknown to the reviewers and vice versa.
- Please remove any author identifying information such as authors' names or initials, email addresses, affiliations, ORCID information from the main manuscript, as well as the author response letter.

Please address the above issues before resubmitting the manuscript.

For information on the Manuscript Submission Guidelines for this journal, please refer to the following link- (journal submission guidelines link)

To resubmit, please login to <https://mc.manuscriptcentral.com/sac> and click on the Author Center link. Click the 'Unsubmitted Manuscripts' link in the 'My Manuscripts' list. Find the returned manuscript and click 'Continue Submission'.

Dear Editorial Office of *Space and Culture*,

Thank you for your message regarding the unsubmission of our revised manuscript, SAC-25-0348.R1, entitled "*Governing Through Difference: Legal Pluralism and Conservation Justice in Lamalera.*"

We would like to confirm that we have now addressed all the requested points as follows:

1. A separate, point-by-point response to the reviewers' comments has been uploaded alongside the revised manuscript.
2. All revisions in the manuscript have been clearly highlighted, enabling editors and reviewers to easily identify the changes made during revision.
3. The manuscript and the response letter have been prepared in full compliance with double anonymized peer review requirements.
4. All author-identifying information (including names, affiliations, email addresses, and ORCID details) has been removed from both the main manuscript and the response document.

We have carefully reviewed the submission guidelines. Hopefully, these revisions fully meet the journal's requirements and that no requested elements have been overlooked. However, should there be any remaining aspects that require further adjustment, we would be very grateful for your guidance and will be happy to revise the manuscript accordingly.

The manuscript has been resubmitted through the Author Center as instructed.

Thank you very much for your time and guidance. We appreciate the opportunity to revise and resubmit our work, and we look forward to your further consideration.

Kind regards,

Yustina
