Title: **Dienogest Therapy against the Combined Oral Contraceptive Pill in Deep Infiltrating Endometriosis Cases: A Systematic Review & Meta-Analysis**

Dear Dr. Indra Adi Susianto,

We are writing to inform you that the Editorial Office of *Gynecology and Minimally Invasive Therapy* has received a correspondence raising substantive concerns regarding your recently published systematic review and meta-analysis.

The concerns relate primarily to the eligibility of the studies included in your review in relation to the stated inclusion criteria and PROSPERO registration, as well as the accuracy of extracted study characteristics and outcome data. The correspondent has also provided a detailed public critique outlining these issues, which can be found at the following link:

<https://pubpeer.com/publications/E9B488C3A02A0B0343C9268331B371>

In keeping with the journal's editorial policies and commitment to scientific rigor and transparency, we kindly request that you review the points raised and provide a detailed written response addressing each of the concerns. Where applicable, please clarify the methodology used, justify study inclusion, and comment on the accuracy of the reported data.

Please submit your response to the Editorial Office within 14 days so that we may proceed with an appropriate editorial assessment. Depending on the outcome, further actions (such as publication of a response, correction, or other editorial notice) may be considered.

Should you require any clarification regarding the concerns raised or the process, please do not hesitate to contact us.

We appreciate your cooperation and look forward to your response.

dr. Indra Adi Susianto, M.Si.Med., Sp.OG.
