APPENDIX

Questionnaire:

- I understand how the Gacha system works in my games.
- I know that Gacha results are based on random probability.
- I believe Gacha systems are designed mainly for player enjoyment.
- I believe Gacha systems are designed mainly to make players spend more money.
- I have continued spending money on Gacha because I already spent too much before.
- I feel that not buying new Gacha pulls would make me miss valuable opportunities.
- I feel pressured to participate in Gacha events because my friends or online communities do so.
- I feel regret after spending money on Gacha.
- I think Gacha systems are similar to gambling.
- I think Gacha systems manipulate players to spend money repeatedly.
- I believe Gacha games should include clearer information about spending probability and risks.
- I believe the Gacha system can lead to financial harm for vulnerable players.
- I think Gacha is a form of predatory marketing.
- I have tried to limit my spending on Gacha but failed.
- I plan to continue playing games with Gacha systems.
