ACKNOWLEDGEMENT

My very first thanks will be dedicated to my Lord who resides in heaven. “Thank You for the guidance which You have given me for the whole life. You have given me the most amazing life by putting me around these people in my family and my friends. You give me strength and comfort during the hard times. I feel so lucky and blessed to have such Almighty and Omnipotent God as You.”

Second, I would like to thank my late parents who have raised me up. I am sure that in heaven you are happy for me as I can finish my study.

Third I also thank Emilia Ninik Aydawati, SP. MHum and Antonius Suratno, P.h.D, for the incredibly wonderful guidance and support. I really think that I will not be able to write this thesis without their helps and advices. For that reason, I give you my deepest thanks.”

The last, but not the least, I would like to thank Janet who I consider as my blood sister and all other friends. Also thanks to all the people around me whose names I cannot mention one by one.

The writer

ABSTRACT

This study was conducted to find out the parents' belief in the use of text and picture on t-shirts to teach vocabulary to young children. In order to collect data, the writer has constructed 13 item questionnaires which can be classified into 2. The first part (statement 1 to ten) are used to see whether the parents believe that the picture and the English words on the t-shirts that the writer produce can help their children learning English vocabulary. The data were analyzed to see the mean using SPSS 24. In order to give deeper data, the writer also conducted an interview with two parents. The result shows that parents really believe that the writer's products (a t-shirt with a picture and an English word) can help their children learn and memorize the word for a long time because the means are above three, meaning that they agree with statement 1 to 10, except item 8 with the mean below three meaning that they perceive it negatively. Interviews with two parents also support this finding. They believe that the t-shirts with picture and English vocabulary can be used for educational purpose so that they like to buy them. Meanwhile, from the result of questionnaire items 10 to 12 it can be concluded that the writer may produce the t-shirts because the parents believe that the English words make the price higher and it also can give prestige to the children who are wearing them and also the design is interesting.

Key word: vocabulary, picture

ABSTRAK

Penelitian ini dilakukan untuk mengetahui kepercayaan orang tua terhadap penggunaan teks dan gambar pada kaos untuk mengajarkan kosa kata kepada anak-anak. Untuk mengumpulkan data, penulis telah membangun 13 item kuesioner yang dapat diklasifikasikan menjadi 2. Bagian pertama (pernyataan 1 sampai sepuluh) digunakan untuk melihat apakah orang tua percaya bahwa gambar dan kata-kata bahasa Inggris pada t-shirt yang karya penulis dapat membantu anak-anak mereka belajar kosa kata bahasa Inggris. Data dianalisis untuk melihat rata-rata menggunakan SPSS 24. Untuk memberikan data yang lebih dalam, penulis juga melakukan wawancara dengan dua orang tua. Hasil penelitian menunjukkan bahwa orang tua benar-benar percaya bahwa produk penulis (kaos dengan gambar dan kata bahasa Inggris) dapat membantu anak-anak mereka belajar dan menghafal kata itu untuk waktu yang lama karena artinya di atas tiga, yang berarti mereka setuju dengan pernyataan 1 sampai 10, kecuali item 8 dengan rata-rata di bawah tiga yang berarti mereka melihatnya secara negatif. Wawancara dengan dua orang tua juga mendukung temuan ini. Mereka percaya bahwa kaos dengan gambar dan kosa kata bahasa Inggris dapat digunakan untuk tujuan pendidikan sehingga mereka ingin membelinya. Sementara itu, dari hasil kuesioner item 10 hingga 12 dapat disimpulkan bahwa penulis dapat memproduksi kaos karena orang tua percaya bahwa kata-kata bahasa Inggris membuat harga lebih tinggi dan juga dapat memberikan prestise kepada anak-anak yang mengenakannya. juga desainnya menarik.

Kata kunci: kosakata, gambar
