## **ACKNOWLEDGEMENT**

First, I would like to send my deepest thanks to Jesus Christ for His kindness and guidance in finishing this thesis. I believe that my fighting days in the Faculty of Language and Arts are always full of His protection and blessing that led me to the final step in my study.

I would like to thank my major sponsor, Emilia Ninik Aydawati S.P., M.Hum. for the guidance she gave me while writing this thesis. Thank you so much for all the support and wisdom you have shared that make me a better person overall. I always wish the best for your lecturing career.

I also would like to thank Dra. Wuryani Hartanto, M.A, my co-sponsor who also helped me during the writing of this thesis by giving a solution to a problem during the writing process. I hope you will forgive me for sometimes speaking not politely during the discussion of the thesis. I promise to speak politely to people who are older than me, especially my lecturers. I wish only for the best in your career as a professional lecturer and your health.

My sincerest thanks also go to my parents and family, who always support me. I know writing a thesis is very hard, but with your support, I made it.

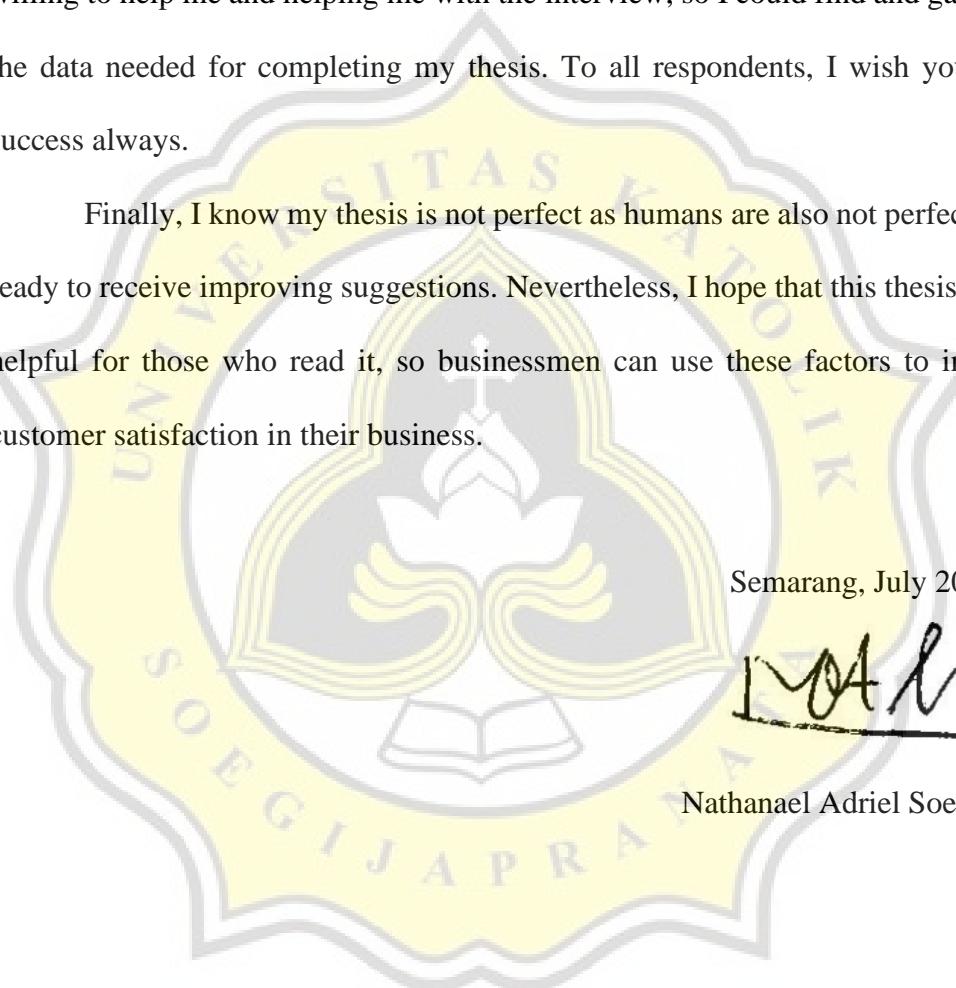

I would also like to thank all my friends who also helped me by giving support and help during the thesis. Many friends support me, and I cannot name all of them, but thank you to all of you.

I also would like to thank Wahana Komputer as a place to do the research. Thank you to all the staff and owner for helping me to do the research and assisting if I have any problems. I wish you a successful business and good health.

Last but not least, I also would like to thank all of my respondents who were willing to help me and helping me with the interview, so I could find and gather all the data needed for completing my thesis. To all respondents, I wish you great success always.

Finally, I know my thesis is not perfect as humans are also not perfect. I am ready to receive improving suggestions. Nevertheless, I hope that this thesis can be helpful for those who read it, so businessmen can use these factors to increase customer satisfaction in their business.

## ABSTRACT

This study tried to find out what factors influenced the customer satisfaction in Wahana Komputer's course. Customer satisfaction is important because if they are not satisfied, businesses will lose the customers. The importance of this study is so businesses can find out what are the factors of customer satisfaction and hopefully can pay attentions to those factors in the other business sectors. There are two kinds of quality that customers will notice for them to be satisfied which are must-be quality and attractive quality. Must-be quality needs to be fulfilled, while the latter includes selling points, features, and unique characteristics. The factors that are affecting customer satisfaction according to Irawan (2008) are product quality, price, service quality, an emotional factor, and convenience and those factors became the basis of the questionnaire. The writer used mixed method to collect data via a distributed questionnaire in the form of google form, and also conducted interviews to confirm the answers given by students as subjects of the research. The result of the survey through questionnaire is that generally the respondents are satisfied with the product quality, service quality, price, emotional factor like promos and convenience. But during the interview, there are some suggestions by the interviewees to make them more satisfied such as lowering the price. Also, there are some complaints about the service quality by some interviewee that must be fixed in order to satisfy the customers.

## ABSTRAK

Penelitian ini ingin mencoba untuk mengetahui faktor-faktor apa saja yang mempengaruhi kepuasan pelanggan pada kursus Wahana Komputer. Kepuasan pelanggan penting karena jika mereka tidak puas, bisnis akan kehilangan pelanggan. Pentingnya penelitian ini adalah agar pelaku usaha dapat mengetahui apa saja faktor-faktor kepuasan pelanggan dan diharapkan dapat memperhatikan faktor-faktor tersebut di bidang usaha lainnya. Ada dua jenis kualitas yang akan diperhatikan pelanggan agar mereka puas yaitu kualitas must-be dan kualitas yang menarik. Kualitas must-be perlu dipenuhi, sedangkan yang terakhir mencakup nilai jual, fitur, dan karakteristik unik. Faktor-faktor yang mempengaruhi kepuasan pelanggan menurut Irawan (2008) adalah kualitas produk, harga, kualitas pelayanan, faktor emosional, dan kenyamanan dan faktor-faktor tersebut menjadi dasar kuesioner. Penulis menggunakan metode campuran untuk mengumpulkan data melalui kuesioner terdistribusi dalam bentuk google form, dan juga melakukan wawancara untuk mengkonfirmasi jawaban yang diberikan oleh siswa sebagai subjek penelitian. Hasil survei melalui kuesioner secara umum mereka puas dengan kualitas produk, kualitas layanan, harga, faktor emosional seperti promo dan kenyamanan. Namun pada saat wawancara, ada beberapa saran dari yang diwawancara agar mereka lebih puas seperti menurunkan harga. Selain itu, ada beberapa keluhan tentang kualitas layanan oleh beberapa orang yang diwawancara yang harus diperbaiki untuk memuaskan pelanggan.
