Dear Mr. FX Prasetya:

Congratulations – We are happy to inform you that your paper 1570950085 ('Effects of Quality Factor and Satisfaction on the Acceptance of Online Learning (Adoption Learning Technology)') for InCIT2023 - The 7th International Conference on Information Technology (InCIT2023) has been 'Accepted with Minor Revision' for oral presentation. At least one author has to make a registration and make an oral presentation during the conference sessions (Nov 15 – 17, 2023). The registration fee is non-refundable. The registration instructions are available at <http://incit2023.mfu.ac.th/registration/>.

For the paper to be qualified for the selection process for inclusion in the IEEEExplore® Digital Library (IEEE Catalog Number: #60207) and indexed by the relevant databases, you are required to do the following:

1. Take the review comments into account when producing the camera-ready version of your final manuscript. According to the IEEE conference policy, the similarity score must be lower than 30% when you submit your camera-ready. If your paper fails to comply with this policy, we reserve the right not to include your paper in the selection process for publishing in the IEEEExplore®.
2. Follow the camera-ready formatting instructions at <http://incit2023.mfu.ac.th/camera-ready-submission/>. Note that the camera-ready submission is starting from September 25 - October 15, 2023.

On behalf of the Association of Council of IT Deans, we thank you for your contribution to InCIT2023 and look forward to seeing you during the conference event at Mae Fah Luang University, Chiang Rai, Thailand.

Good (3)

Impact: Importance and advancement of knowledge in the related field

Average (2)

Comments for Authors: Describe the contributions, strengths, weaknesses of the paper and suggestions for improvement.

The research model is presented clearly. However, research boundary and data collection details should be described undoubtedly. Name of Fig.1 should be "This Research Model" and the word referred to this model should be "model", NOT "framework" as shown in A.1. Kindly check font style in A.1. and check spelling such as "hipotesis" in Tabel V. Please repeat table header on subsequent pages. In the text, should refer to every table by its number in the same format.

Average (2)

Comments for Authors: Describe the contributions, strengths, weaknesses of the paper and suggestions for improvement.

This paper proposed the statistical result of survey between the quality attributes: system quality and service quality and satisfaction with online learning acceptance. The following are comments and suggestions:

1. H10: Sosial Influence has positive effect on Performance Expectancy : typo error and missing explanation
2. Lack of the detail how to conduct survey and respondents background

Full Review 3

Timeliness/Relevance: Relevance of the topic addressed in the paper within the conference/special session theme.

Good (3)

Presentation/Readability: paper organization, grammar, graphics and figures, and the completeness and accuracy of references.

Very Good (4)

High (3)

Comments for Authors: Describe the contributions, strengths, weaknesses of the paper and suggestions for improvement.

1. Starting paragraphs in the introduction section go without any citation. These paragraphs needs to be properly cited and referenced.

2. The language needs to be corrected. For example in the methodology section 'subsequent to the acquisition of student data, the subsequent phase entails the examination of the gathered statistical data.'
